Colonel Loran D. Briggs:
Headquarters, Strategic Air Command
Offutt Air Force Base
Omaha, Nebraska

Dear Colonel Briggs:

On the occasion of your trip to Washington last week you asked me for a list of all the people you have met in connection with this Project. I am enclosing a list which I think includes all you have met, together with some individuals whose names you have heard us refer to but whom you have not met. The latter are indicated by an asterisk on the list.

I might explain that most of the manufacturers' representatives you met at the meeting out west on 30-31 August whereas most of the Project people you met back here last week. I hope that this list will identify them sufficiently to be of some help to you. I have not tried to include on it certain of the officers who are well known to you (such as Russell Berg).

Turning to another subject, you may remember that we asked you for the name of the individual who would be the Security Officer for SAC in connection with this Project. You may well have sent this name in as part of a list of individuals whom you wish to have cleared. If not, I hope you will do so as soon as possible. I am anxious, as we discussed, to send someone from here to work out certain procedural arrangements in this field with the individual you name.

In accordance with our telephone conversation, I am holding the 29th of this month in the expectation that a meeting may be arranged for that date.

My best regards.

Very sincerely yours,
